

**NEW**

# NUMBERJACKS™

**THE  
NUMBERJACKS  
GO INTERACTIVE!**

## Mission to Learn

**THE NEW ONLINE LEARNING WORLD TO GIVE  
YOUR CHILD A GREAT START WITH MATHS.**

Children become Agents and help the Numberjacks on their missions, learning maths and problem-solving skills as they do so.

Daily messages with activities to do around the home. Lots of help and ideas for adults too!

Children have their own Room inside the sofa where they build a collection of Interesting Things as motivating rewards for their good work.

Games with different levels encourage younger children and challenge older ones. Open-ended games encourage children to experiment and think for themselves.

**30%  
DISCOUNT**

Numberjacks magazine readers can enter the code **FRIENDNU30** when registering to get a 30% discount.
